Austin, Tex., Sept. 2.—Attorney General Cureton has left for Washington to represent Texas in the final taking of testimony in the Texas-Oklahoma preliminary boundary hearing set for November 15th before the United States supreme court.

DEMPSEY SATISFIED WITH CONDITION

(By Associated Press)
Benton Harbor, Mich., Sept. 2.—Jack Dempsey declared today he was thoroughly satisfied with his condition and felt better than he did at Toledo a year ago, when he had reached the same stage in his training for his successful fight with Jess Willard.

DANNUNZIO DECIDES TO QUIT FIUME

(By Associated Press)
London, Sept. 2.—A dispatch to the Exchange Telegraph from Rome says Gabriele D'Annunzio has decided to abandon Fiume because of his disappointment at the cold reception the inhabitants of Fiume gave his proclamation for the new state comprising the city of Fiume.

THE CITY COMMISSION ACCEPTS PROPOSITION OF THE INTERURBAN

The City Commission sitting as a committee of the whole, met in the council chamber of the city hall at 8 o'clock last night with Mayor Jno. M. Lawrence presiding, and Commissioners L. L. McInnis, H. A. Burger, Tyler Haswell and Wilson Bradley, and City Manager E. E. McAdams present. Dr. F. C. Bolton, head of the electrical engineering department of the A. and M. College was also present by invitation. The object of the meeting was the further consideration of the proposition recently submitted by the directors of the Bryan-College Interurban, on the matter of the city furnishing current for the operation of the cars of said road. After a thorough discussion of the matter and a careful estimate of the capacity of the city power plant by Prof. Bolton relative to the ability of the city to furnish both the citizens and the road, it was voted by the committee to accept the proposition of the company generally, provisions however, to be reserved safeguarding the interests of both the company and the public. That portion of the proposition submitted by the company to the city with reference to the rate to be paid for current, is as follows:

"The said company will enter into a contract with the City of Bryan for power for a period of five (5) years. Said contract to provide that the said contract the following for said current and power: Up to 3,000 K. W., \$0.05; 3,001 K. W. to 5,000 K. W., \$0.04; 5,001 K. W. and over same, \$0.04. Same to be paid for at the switch board, A. C. current.

GERMANY WILL NOT COMBINE AGAINST WESTERN POWERS

(By Associated Press)
Berlin, Sept. 2.—Dr. Walter Simons, foreign minister, addressing the Reichstag foreign affairs committee, declared he had been urged to collaborate with Russian bolshevik against the western powers to break the bonds imposed by the Treaty of Versailles, but after mature reflection had rejected the course. Dr. Simons said proposals were also made Germany to co-operate with the western powers against Russia, which he considered an equally impossible course. He said no power at war with Russia need count on our support.

Y. M. C. A. IMPROVEMENT AT THE A. AND M. COLLEGE

College Station, Tex., Sept. 2.—Remodeling of the Y. M. C. A. at A. and M. College has almost been completed. The third floor, which will add a dining hall and living room for the visitors to the college, has just been added to the building. The second floor will be used for parlors and special social functions. The Y. M. C. A. at A. and M. College was erected by popular subscription.

A frame building to house the officers of the Military Science and Tactics Department, and another frame building which will be the home of A. and M. College Consolidated School, will be completed in time for the beginning of school, September 15.

TENNESSEE LAW ON SUFFRAGE STILL IN A MIDDLE

(By Associated Press)
Nashville, Tenn., Sept. 2.—The opponents of suffrage ratification declared today they had assurances of Governor Roberts that he would act as requested by the Tennessee House of Representatives, which this morning adopted a motion to furnish the governor with a sworn transcript of the action taken by the House Tuesday in non-concurring in ratification, and asking the governor to certify a transcript to Secretary of State Colby at Washington.

LAGUNA COTTON CROP LOSS IN MEXICO

(By Associated Press)
Torreón, Coahuila, Mexico, Sept. 2.—The 1920 cotton crop in the Laguna district here is expected not to exceed 125,000 bales, compared with an estimated total when the crop was planted of 250,000 bales. The pink boll worm, lack of water and shortage of labor are given as the reason for the crop failure, which will mean a loss of several million dollars to the cotton growers.

An experiment which may do much to offset the drought conditions which had such a marked effect on the cotton crop this year is to be tried out next year by the Madero family, of which former President Madero was a member. This family next year will plant 35,000 additional acres of land to cotton in the Laguna district, near San Pedro, under a scheme of irrigation untried in any part of the world on a large scale, except along the river Nile in Egypt.

The 35,000 acres are divided into plots around which dykes to a height of 5 or 6 feet are to be built, thus creating basins for storing water. In this section there are no irrigation projects for storing the water for use as needed, and a new scheme had to be devised, as the rains came at the wrong season.

Under the Madero plan the lands will be flooded to a depth of 3 to 4 feet by means of ditches leading to the river while the latter is at its high stage. The water will be allowed to remain at this depth until plowing time, when the dykes will be opened. The plan is expected to store enough water in the subsoil to irrigate the cotton while growing. Silt carried on the plots by the water is expected to provide a rich fertilizer.

The Laguna district is an old lake bed. Wells have been drilled in several places to a depth of more than 2000 feet without striking hardpan, soil like that on top being encountered for the entire depth. The Maderos are reputed to own more than two million acres of land, one-fifth of the state of Coahuila being the property of the family.

Maloney, Dr. W. B. Bizzell, Judge W. C. Davis, M. W. Sims, F. L. Henderson, L. B. Simpson, W. S. Howell, Robert Armstrong, Oak McKenzie, W. H. Cole, J. G. Minkert, J. H. Ranson, W. G. Taliaferro, Gen. H. B. Stoddard, T. R. Batte, Major L. L. McInnis, J. D. Battle, Ed Hall, Mrs. W. A. Broyles, W. D. Lawrence, A. M. Waldrop, Lamar Bethea, Mrs. Pattie M. Sims, E. J. Kyle, W. S. Barron, J. L. Cobb, John Beard, A. W. Buchanan, Mrs. W. S. Howell, W. E. Saunders, Sam B. Wilson, Miss Mary Locke, Eugene Edge, J. D. Martin, I. M. Cook, H. O. Boatwright, Mayor Jno. M. Lawrence, Mrs. F. H. Poole, T. O. Walton, W. E. Neeley and Lee J. Rountree.

Among other resolutions the following was adopted: "Resolved that the delegates from Brazos County to the State Democratic Convention at Fort Worth are instructed to oppose the establishment of another A. and M. College and favor the maintenance and support of the present college as established by the legislature in 1871, and resolved further that we favor the strengthening of the public school system in Texas for the education of the youth of the land."

BURLESON DISCHARGES POSTAL CLERKS IN CHICAGO OFFICE

(By Associated Press)
Washington, Sept. 2.—Postmaster General Burleson today ordered the removal of eleven clerks in the Chicago postoffice for "soliciting or causing to be solicited sums of money from the public and for publishing or causing to be published false and slanderous statements relative to the postal service."

The clerks whose removal was ordered by the postmaster general are: Pierce E. Butler, Fred Anderson, Solomon A. Cohen, John J. Stewart, Harold Hoffman, Jay J. Adams, Frederick C. Albrecht, John J. Byrne, Thomas J. Drury, Leo E. George and Frank R. Halas.

Evidence obtained by postoffice inspectors, Mr. Burleson said, showed that Chicago Postoffice Clerks union attempted to solicit contributions of \$100 each from a number of business men "who were patrons of the Chicago postoffice." The postmaster general said such practices were in violation of a warning given by the postoffice in 1918, and consequently the removal was ordered "in conformity with the notice promulgated at that time."

MERIDIAN ROAD IS BEING BUILT

(By Associated Press)
Austin, Texas, Sept. 2.—A total of 311 miles of the Meridian Highway, State Highway No. 2, and branches, are under construction, according to a statement from the State Highway Department, while an agreement for the construction of 394 additional miles has been executed. This means that 705 of the projected total mileage of 966 will be under construction in the near future, if material shortage does not become too acute and increased cutting rates do not necessitate retarding the mileage.

"About the only way to meet the increased freight rates," the statement said, "will be to cut down the mileage, if the Federal Government is participating in the work, as the government insists that the type of construction be not lowered under any circumstances."

"Next to State Highway No. 1, or the Bankhead Highway," the statement continues, "State Highway No. 2 is considered the most important in the state system, and the Highway Commission will make every effort to see that it is financed and completed. A portion of No. 2 was built by the government several years ago, between Austin and San Antonio."

State Highway No. 2 begins at Burkburnett and runs to Waco, there branching, one branch going via Bryan and Navasota to Galveston, and the other to Laredo. State Highway No. 1 traverses the state from Texarkana to El Paso.

THE RAIN.
The rain last night was pretty general over the county and was very heavy at all points. Government rain gauges in Bryan registered 1.25 inches.

R. R. GUARANTEES COST GOVERNMENT MANY MILLIONS

Washington, Sept. 2.—Federal guarantees of railroad earnings resulted in an increase of the public debt of \$101,755,000 during August, according to treasury figures showing the nation's gross debt to be twenty-four billion, three hundred and twenty-four million, six hundred and seventy-two thousand dollars. The figures were made public to show the redemption of approximately two million, five hundred thousand dollars in Liberty bonds during the last thirty days.

BANDIT RENDEVOU NOW AN OKLAHOMA FARM AND RANCH

(By Associated Press)
Watonga, Okla., Sept. 2.—What once was the rendezvous for notorious outlaws, the old Hog ranch, to the north of Cimmaron river, Major County, Oklahoma, has been transformed into a productive truck farm and modern ranch.

Near what was the outlaws' main spring on the side of a hill, a dug-out, obscured from the sight of the passing stranger, once the headquarters of the famous James and Younger bands, is still intact. However, the larger number of springs which pour their streams from the side of the hill at numerous places have been made the basis of a profitable irrigation system. Dams have been constructed for a big reservoir, and pipe lines have been laid to Fairview, the county seat of Major County, to furnish that town with water. Canals and ditches carry water for irrigation to all parts of the new farm; ponds have been built and stocked with fish, and many other modern improvements made.

The Dalton clan sought the seclusion of this ranch and the commanding observation post furnished by its hill, on many occasions when hard pressed by pursuers, according to old settlers.

REV. CHAPMAN AND FAMILY HAVE GONE TO WISCONSIN

Rev. Kirby Chapman, who has been pastor of the Free Baptist Church here for the past year of two, has resigned and accepted a call to the church of Franksville, Wis. Rev. and Mrs. Chapman won for themselves a warm place in the hearts of the people of Bryan and especially with the people of his congregation, who deeply regret to lose them from Bryan. Rev. and Mrs. Chapman have departed for their new home, making the trip by automobile. The church here will be supplied by Rev. J. J. Tatum and Rev. Wheeler until another pastor can be secured.

ARMY ANNIHILATED IN LIMBERG SECTOR

Warsaw, Sept. 2.—General Budenyn's bolshevik army was annihilated during the operations in the Limberg sector which began on August 29, and ended September 1st, says the Polish official statement.

PROBE COMMITTEE DID NOT HEAR MOORE TODAY

(By Associated Press)
Chicago, Sept. 2.—The Senate committee investigating campaign expenditures of national parties adjourned shortly after noon today without having heard Edmund H. Moore of Ohio, Governor Cox's personal representative. Chairman Kenyon announced the committee would meet in Chicago on Tuesday, September 7, to hear Moore and other witnesses.

MOORE TO REPRESENT COX.

(By Associated Press)
Columbus, Ohio, Sept. 2.—E. H. Moore of Youngstown, Ohio, pre-convention manager for Governor Cox, will leave for Chicago tonight as the personal representative of the Democratic presidential nominee, to be in readiness to present to the sub-committee investigating campaign expenditures evidence to back up the governor's charge that the Republican committee is collecting a campaign fund of \$15,000,000.

Governor Cox and Mr. Moore had a long conference here yesterday, following which it was said that Mr. Moore would go to the Chicago hearing as a private individual, but not as a representative of the Democratic presidential nominee.

Among the early callers at the governor's home today was Senator Pomerene, member of the sub-committee of the Senate which is investigating campaign expenditures at Chicago. The governor stated that Senator Pomerene had come to Columbus for legal business and their conference was merely incidental to his visit.

THOMASON WILL OPPOSE NEFF'S "LAND PLANK"

Speaker R. E. Thomason, Former Candidate For Governor Defeated in July Will Lead the Fight at Fort Worth State Convention Against the Land Plank of Pat M. Neff, Democratic Nominee For Governor.

(Special to the Eagle)
Fort Worth, Texas, Sept. 2.—According to a message received by the Texas Cattle Raisers' headquarters here this afternoon, Speaker R. E. Thomason of El Paso, defeated candidate for governor in the first primary, will lead the forces opposing Pat M. Neff's land plank at the forthcoming Democratic State Convention in Fort Worth. A caucus of all opposing the land plank will be held here September 6th, the day before the opening of the convention. Mr. Neff made his campaign with the land plank one of his principal issues. This will be the big issue before the platform committee, and Speaker Thomason practically agrees with ex-Senator Bailey on the issue.

PAT AND MIKE FIGHT OVER LORD MAYOR OF CORK

(By Associated Press)
Dallas, Texas, Sept. 1.—A gang of Irish park board laborers today debated the hunger strike of Terence MacSweeney, lord mayor of Cork, and one went to the hospital with a deep gash across his shoulders inflicted with a shovel and another was arrested on a charge of assault to murder. Pat McBarry, the injured man, according to Mike Myrick, who was arrested, replied to a remark that it was "a shame to let that lad MacSweeney be starving himself in a British prison," that it was "none of your business."

"I turned to give him a good thump with the broad side of my shovel," said Myrick, "and it turned in my hands."

At the same time the Irish Lord Mayor of Cork is dying of his own will and according declares he will starve to death before he will eat in a prison. He can last out a few hours at best is the last report.

MILLINERY STYLES PUBLIC CALAMITY AT MANY TIMES

(By Associated Press)
Topeka, Kan., Sept. 2.—Continual change in styles of women's hats is a "heinous crime against millions of mothers," in the opinion of Ed T. Hackney, state fair price commissioner.

Mr. Hackney sent word to all fair price committees and county attorneys in the state demanding an investigation of the frequent change in hat styles and the alleged exorbitant prices charged for them. He alleges that a great wrong is being perpetrated.

C. OF C. DEALS WITH FAKE ADVERTISING SCHEMES IN BRYAN

Board Deals With the Fake Advertising Schemes and the Housing Problem in Bryan—High Advance in the Rates Will Prevent Federal Students From Coming to Bryan—Bryan-College Interurban Matter Taken Under Advisement Until Commission Makes Decision.

The Board of Directors of the Bryan and Brazos County Chamber of Commerce met Tuesday morning at 10 o'clock, President E. J. Jenkins presiding; Secretary S. E. Eberstadt at the desk. Present were: E. J. Jenkins, Tyler Haswell, E. J. Fountain, Ed Hall, Dr. W. B. Bizzell, Judge J. T. Maloney, J. L. Edge, Thos. A. Adams, A. M. Waldrop, Jno. A. Moore, Jr., E. F. Parks, J. M. Gordon, Oak McKenzie, Lee J. Rountree, T. K. Lawrence and Secretary S. E. Eberstadt.

The Bryan-College Interurban Railway committee asked that the matter be taken under advisement and upon motion of Dr. Bizzell, as soon as the City Commission has a report to make President Jenkins was instructed to call a meeting and invite the committee to attend.

Dr. W. B. Bizzell, president of A. and M. College stated that there was a prospect of the College losing forty families of the federal students. It developed that a U. S. inspector had been here making an investigation of conditions. Secretary Eberstadt reported that eight housekeeping rooms had advanced considerably over 1919. Secretary Eberstadt was instructed to wire Dr. W. F. Dougherty regarding the critical situation now confronting Bryan and College. All expenses have been advanced.

A special advertising committee was appointed by President Jenkins: Secretary S. E. Eberstadt, chairman; Judge J. T. Maloney and A. M. Waldrop. Secretary Eberstadt called attention to the fact that thousands of dollars were being taken from Bryan annually by fake advertising schemes to the detriment of legitimate business. All business men of Bryan are urged to see that the endorsement of this committee is had for every advertising scheme before it is patronized.

During the discussions talks were made by Judge J. T. Maloney, Ed Hall, Tyler Haswell, President Jenkins, Secretary Eberstadt, E. F. Parks, J. M. Gordon, Dr. Bizzell, A. M. Waldrop, E. J. Fountain and others.

FIFTEEN MILLION A MENACE AND 5 MILLION ABUSE

(By Associated Press)
Chicago, Sept. 2.—Senator Reed of the Senate investigating committee agreed with Senator Poinexter in testifying there had been some moral improvement in politics in the last eight years. Senator Reed said the reason was the courts have been in action in some cases. Reed asked if Poinexter would regard a campaign fund of fifteen million as a menace. The witness replied he would, and added that he would regard a fund of five million as an abuse.

C. OF C. EDUCATIONAL COMMITTEE MEETING

An important meeting of the Committee on Education of the Bryan and Brazos County Chamber of Commerce was held Wednesday afternoon. Present were: A. M. Waldrop, chairman; Dr. W. B. Bizzell, E. J. Jenkins, Dr. C. P. Fountain, Dr. F. C. Bolton, Charles E. Finley, W. Wipprecht, T. K. Lawrence, R. S. Webb Sr., Major L. L. McInnis, J. Webb Howell, Tyler Haswell, Lee J. Rountree, Judge W. C. Davis, E. H. Astin and Secretary S. E. Eberstadt. The committee discussed several matters of importance to Bryan and College and appointed some special committees for work.

BRAZOS COUNTY POLLED LIGHT VOTE SATURDAY

In the election Saturday a very light vote was polled in Brazos county, notwithstanding the fact the weather was fine and everything favorable to the polling of a heavy vote. Between 1300 and 1400 votes were polled, while in the July primary, 1760 were polled. There were 2545 poll taxes paid in the county, from which it will be seen that counting the overs and unders, hardly more than one half the voting strength of the county turned out Saturday's election. The results were as follows:

For Governor, Pat M. Neff, 1003; J. W. Bailey, 507.
For Lieut. Gov., Lynch Davidson, 1130; W. A. Johnson, 232.
Justice Supreme Court, W. E. Hawkins, 716; William Pierson, 601.
Commissioner, Precinct No. 3, John D. Conlee, 373; John M. Moore, 440.
Chairman Precinct No. 6, J. P. Gilpin 15; E. R. Lloyd, 53.

These were the only contests in Brazos county. The Eagle has the vote of the county in tabular form, giving the votes by precincts and this table will be published Tuesday.

MISS ALINE ELLIOTT PASSED INTO REST

The unexpected death of Miss Aline Elliott, which occurred at the home of her mother, Mrs. R. B. Elliott in this city, Monday at 1 p. m. brought unspeakable grief, not only to the members of her own family, but to her many friends in Bryan and Brazos County.

Young and charming, with life's rosy morning beautiful before her, she would have passed her 17th birthday tomorrow, September 1, but death came and took her away. Truly, "we see through a glass darkly," and look through blinding tears of grief today, because of this bereavement.

Miss Aline Elliott was born at the old Elliott homestead near Wheelock and was the youngest daughter of Mrs. R. B. Elliott, and has lived with her mother's family in this city for the past several years. She leaves to mourn her loss, her mother, and four brothers and two sisters as follows: Ernest Elliott, Marvin Elliott, Dick Elliott of Bryan, Stanley Elliott of Corpus Christi, Mrs. Richard Nash of Dona, and Mrs. Paul Dunkle of Mineral Wells.

The funeral was conducted from the home this afternoon at 3 o'clock, with interment at the Bickham grave yard on Cottonwood Prairie, where her father and other members of the family sleep.

BRYAN HIGH IS PREPARING FOR FOOTBALL YEAR

Everything is in readiness for the coming football season at Bryan High school. The grounds at Edge Field (old B. B. A. grounds) have been put in shape, charging sled and tackling machine have been built, and a large quantity of football goods have been ordered and are expected every day. Lockers are being built which will be of great help to the players in taking care of their equipment.

C. B. Hudson who coached the team last season will again be with Bryan High, and he is very optimistic over the prospects of a winning team, and says that Bryan High will have the greatest team in the history of the school, and that the team will indeed be contenders for the state honors.

The team will be captained by Norman Dansby, who will be remembered by his wonderful work at full back last year. Practically all of last year's men will return with only two or three exceptions, and there will be on hand a large number of new men, who indeed look good and are expected to make some of last year's men hustle to retain their positions. Levison, Towler, Vance, Kelley, Ragan Satterwhite, Reynolds and Armstrong are all new men who are expected to add much strength to the already strong line of last year. Smith, Scardino, Kurten, Bunting and Conway are all likely men and will be strong contenders for the position of ends. Wilson, Cannon, Aubry Pate and Sam Pete are all fast men who will no doubt add much speed to the back field. In addition to those mentioned are many other new men who are expected to be heard from before the season is over.

The team will start practice on September 1st, and expects to be in great shape by time school opens. However most of the men are now in good physical shape, having worked hard in the out doors most of the summer. There will be a special meeting of all the football candidates tonight at 8 o'clock at the auditorium, Bryan High school. The schedule is being arranged just as fast as possible, and from present outlooks will be the hardest ever faced by Bryan High. It will include such teams as Houston High on Armistice Day, Austin, Waco, Marlin, Navasota, Houston Heights and they hope to close their season by playing Allen Academy.

TWENTY-FIVE YEARS AGO
The Houston Post of August 28 1895, "Twenty-Five Years Ago" says: "Boston.—The next convocation of the Knights Templar will be held in Pittsburg. Henry B. Stoddard of Bryan, Texas, has been elected generalissimo."

General Stoddard was in the Eagle office Saturday making plans for attending Morrow's Cavaliers at New Orleans and Wichita Falls in the near future. Twenty-five years can not phase the enthusiasm of General Stoddard.

COULD HARDLY STAND ALONE

Terrible Suffering From Headache, Sideache, Backache, and Weakness, Relieved by Cardui, Says This Texas Lady.

Gonzales, Tex.—Mrs. Minnie Philpot, of this place, writes: "Five years ago I was taken with a pain in my left side. It was right under my left rib. It would commence with an aching and extend up into my left shoulder and on down into my back. By that time the pain would be so severe I would have to take to bed, and suffered usually about three days. I suffered this way for three years, and got to be a mere skeleton and was so weak I could hardly stand alone. Was not able to go anywhere and had to let my house work go. I suffered awful with a pain in my back and I had the headache all the time. I just was unable to do a thing. My life was a misery; my stomach got in an awful condition, caused from taking so much medicine. I suffered so much pain. I had just about given up all hopes of our getting anything to help me.

One day a Birthday Almanac was thrown in my yard. After reading its testimonials I decided to try Cardui, and am so thankful that I did, for I began to improve when on the second bottle. I am now a well woman and feeling fine and the cure has been permanent for it has been two years since my awful bad health. I will always praise and recommend Cardui." Try Cardui today.

MEXICO NEEDS SOAP, WATER AND EDUCATION.

Every time we hear remarks about intervention or recognition of Mexico by the United States we can not help but suggest that Mexico ought to have more soap and bathing pools and less dirt and ignorance.—Bryan Daily Eagle.

Mexico is in a fairer way today to be restored to peace and prosperity than at any time before during the last ten years. It should always be remembered by those who set themselves up as judges and critics of Mexico that the Mexican people, or a large majority of them, are Indians, with the Indian's weaknesses as well as his virtues. Mexico has, and must for a long time continue to have, a rather primitive government because it has a primitive population. Education is scarce in Mexico. Not only is education scarce, but the desire for it is not felt by many of the Mexican people. They must come gradually to a comprehension of what education means as well as to a realization of their need of it. Meantime, the literate and unselfish citizenship of Mexico owes it as a patriotic duty to be patient and helpful with the illiterate and uncomprehending. There is enough intelligence and good character in Mexico to assure that rich nation a government adapted to its needs, but politicians in Mexico have been so turbulent in their habits and so unreliable in their honesty that the better element of the educated class has been reluctant to exercise itself in behalf of sound and liberal government. This is a ruinous policy in any country, but particularly in one where the well-informed public is relatively small in comparison with the misinformed. Villa, who was bought off by the new government after it became evident that buying him off was cheaper and quicker than tracking him down, is typical of the sort of bolshevist who has always made trouble in Mexico. Where bolshevism, or banditry, as it is more properly called, is accounted admirable by a considerable portion of the populace, there is dire need of educated and active citizenship.—Dallas-Galveston News.

BACK TO RAZORBACKS
Next year at the fair there ought to be an old-fashioned razorback hog in the curio department. Those thousand-dollar Poland-Chinas and Duvo-Jerseys have rooted him out of the pens down at the exhibition park.—San Saba News.

Yes, a contrast between the razorback of the good old times and the meat hog of the modern and progressive generation would be interesting. Many farm youths of today have never seen a razorback, and it would be a contribution to their education and their gaiety to show them one, either at the fair or some other place of captivity. The razorback hog, the frizzled chicken and the tick-ridden milk cow are all symbols of that glorious economic epoch to which Mr. Bailey and the other bright men of his kidney are desirous of taking Texans back to. Let the San Saba Fair not fail to provide a razorback to inspire and instruct the San Saba rising generation, and forewarn it of the destiny.

MARRIAGE LICENSES.

Licenses to wed have been issued by County Clerk H. O. Ferguson since the last report made by The Eagle as follows: Simon Tipton and Willie May Wooley; Frank Writtonhouse and Malinda Lakes; Will H. Lawless and Donna Padgett; Matt Otera and Mary Callura; A. E. Mize and Lillian Thomas; Lewis Oliver and Mary Tryho; A. Vance and Annie Baker; Andrew Wells and Bertha Maxey; Elzie Pillows and Ruby Hicks; Edgar Moseley and Beatrice Hearne; D. B. Milner and Miss Francis Allen; C. A. Buchanan and Mrs. Artie Crawford.

Mrs. Emma Spell is visiting her son Joe Spell and family in Hockley.

Mr. Bailey has marked out for the beloved people of his beloved state, a state in which his major material interests consist of a cemetery lot, News.

This reminds the Eagle of a little story that is told on Mr. C. L. Beason of Bryan. He was over in She by county, in East Texas, not long ago and heard a continual rattling sound near his window. He finally arose, dressed and sallied forth to breakfast he thought. It was only 4 a. m. and the noise was not a call to breakfast but a razorback sharpening his back on a live-oak tree so he could go forth and get safely through the thickets of timber. That was the last razorback hog in Texas we have heard of and Mr. Beason is in Oklahoma, hence the Eagle cannot verify the story.

DON'T NEED NEW COLLEGE
(Kosse Cyclone)
West Texas threatens to cut off one half of Texas and create a new state, if they are not given a new A. and M. College somewhere in the west. Evidently they have not much hope that a certain candidate for governor will be nominated and elected, since he has promised that the new school will be established with cut delay after the election.

PRIZES OFFERED FOR TEXAS FARM BOYS

Dallas, Texas, Aug. 29.—The Texas Chamber of Commerce offers first and second prizes of \$50 and \$25 in cash, and fifteen additional prizes of annual subscriptions to farm magazines, for the best essays upon features of the recent trip of 5,000 miles in the special train operated by the state chamber and the A. and M. College. Essays must be sent to Texas Chamber of Commerce Agricultural Department before October 1. The essays will be judged by newspaper editors of the state and the prizes will be awarded shortly afterwards. The contest is open to all boys who made the trip. The A. and M. College Extension Service has offered a first prize of a pure bred gilt and 10 additional prizes of subscriptions to farm magazines; and the Oliver Chilled Plow Works of South Bend, Ind., offer prizes of \$50 and \$35 and \$15 for the three best essays upon the boy's trip through the Oliver plant.

Licenses to wed have been issued by County Clerk H. O. Ferguson since the last report made by The Eagle as follows: Simon Tipton and Willie May Wooley; Frank Writtonhouse and Malinda Lakes; Will H. Lawless and Donna Padgett; Matt Otera and Mary Callura; A. E. Mize and Lillian Thomas; Lewis Oliver and Mary Tryho; A. Vance and Annie Baker; Andrew Wells and Bertha Maxey; Elzie Pillows and Ruby Hicks; Edgar Moseley and Beatrice Hearne; D. B. Milner and Miss Francis Allen; C. A. Buchanan and Mrs. Artie Crawford.

Mrs. Emma Spell is visiting her son Joe Spell and family in Hockley.

HERDS AT COLLEGE FREE TUBERCULOSIS

College Station, Texas, Aug. 30.—(Special to the Eagle)
The beef and dairy herds at the A. and M. College are free of tuberculosis. Three college herds have just passed the accredited Federal test and have been pronounced free from the disease. This includes the cattle belonging to the Animal Husbandry, Dairy Husbandry and Veterinary Departments.

J. C. Burns, formerly head of the animal husband department says that all owners of Pure Bred herds in Texas should take advantage of Federal assistance and be placed on the accredited list. "Texas naturally is not a tuberculosis state and with a little cooperation from the owners we can absolutely drive this disease from our border," said Mr. Burns.

SUMMER SCHOOL AT COLLEGE CLOSES

(Special to the Eagle)
College Station, Texas, Aug. 30.—The Summer School of the A. and M. College closed the most successful session Saturday it ever has. Attendance on summer activities this year passed the 600 mark, exclusive of the Farmer's Short Course, which enrolled 1,200 persons. The summer session included the Cotton Classing Course, Summer Normal and the regular College Course. With the exception of the Teachers' Institute of Brazos, Robertson and Grimes counties there will be no work at the college until the opening September 15.

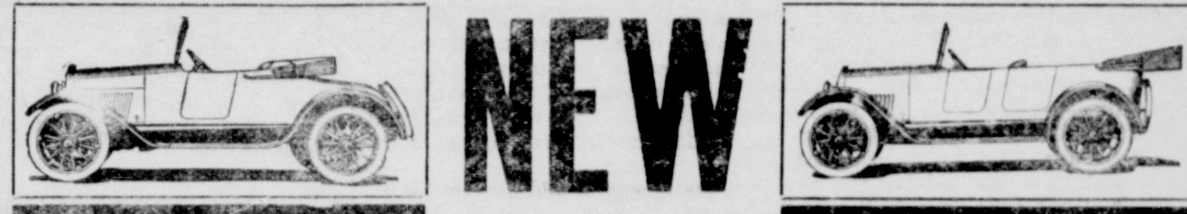

BRAZOS COTTON IS DAMAGED BY WEEVIL

Hearne, Texas, August 31.—Continued rains, every few days, have greatly interfered with cotton picking. A big rain fell here Thursday. The boll weevil is increasing and doing considerable damage to Brazos bottom cotton.

DETAILS OF GREAT TRIP OF TEXAS FARM BOYS' SPECIAL OF A. & M.

(Progressive Farmer)

An important chapter is being written in the history of Texas. The "Texas farm boys' special train" left the agricultural and mechanical college of Texas at 12 o'clock, noon, August 7, on a 5,000-mile trip, which will cover 21 different states in 16 days. The first stop was at Bryan at 12:15 where a band parade took place. There are approximately 125 prize winning club boys and 50 older people, among whom are officials of the Texas A. and M. College and the Texas Chamber of Commerce, and newspaper men and women on this special train.

The long trip through the best farming districts of the country is being given the farm boys on the train, as a reward for their good records as members of Texas boys' and girls' clubs. Over 30,000 Texas boys and girls are members of the clubs and more than 10,000 entered the contest for this trip.

The train is being run co-operatively by the Texas Chamber of Commerce and the Texas Agricultural and Mechanical College, in an effort to stimulate better farming to keep the boys on the farm. T. O. Walton, director of agricultural extension work of the college, and Walton Petet, manager of the agricultural department of the Texas Chamber of Commerce, are in charge of the train, and are delighted with the reception being the future Texas farm leaders by agricultural colleges, chambers of commerce, farmers' organizations and prominent farmers.

The Texas special is elaborately equipped with every convenience. A Red Cross nurse and a physician are on the train to look after the health of the entire party.

The crops are good, and the people from Texas to Iowa, and from Iowa to Washington, D. C., are happy. The people are prosperous. Thousands and thousands of dollars have been spent by business men and farmers in entertaining the party on this special train. Automobile trips have been made to many noted farms at practically every stop. Several outstanding farmers have been visited at each place.

The stops at agricultural colleges in seven states and the visits to many farms in other states have given the boys an unusual opportunity to study up-to-date farming methods. The finest livestock, the best crops and the most modern labor-saving farm machinery have been seen in numerous states. The boys have all been deeply interested and have made notes to be used in writing essays on the trip.

Bryan and Fort Worth, Texas; Wichita and Manhattan, Kansas; Lincoln, Nebraska; Des Moines, Iowa; Chicago, Illinois; South Bend, Indiana; Lansing and Detroit, Michigan; St. Thomas, Ontario; Niagara Falls, Ithaca, and New York City, New York, and Washington, D. C., are the principal stops that have been made since we left Texas. Many more stops will be made before we return home. We have gained much valuable information.

ACCEPTS CALL TO PRESBYTERIAN CHURCH

D. L. Weddington, clerk of the session of the First Presbyterian Church of this city, received a telegram late Saturday afternoon from Dr. W. N. Sholl of Decatur, Alabama, bringing the good news that he had accepted the call recently extended to him to the pastorate of the church. He also stated he would be here by the first of October to enter upon his work. Dr. Sholl visited the church by special invitation two weeks ago and preached at both the morning and evening services. The congregation was highly pleased with him and in the business meeting that followed, a unanimous call to the pastorate of the church was extended him. The membership of the church is delighted that he is coming.

(Decatur News)

Rev. W. N. Sholl, pastor of the First Presbyterian church of Decatur has accepted the unanimous call of the Presbyterian church of Bryan, Texas, to become its pastor, effective October 1. Rev. Sholl stated that he would continue to serve his present charge until the last of next month.

Bryan, because of the large number of colleges located there, has been called the "Educational Mecca" of South Texas. Bryan is the seat of the Texas Agricultural College, with over 2000 enrolled students, of Allen Academy, a military college of several hundred students. Besides serving his church membership, of around 300, Rev. Sholl will have direct religious care over 400 Presbyterian students. Bryan is located 100 miles north of Houston, Texas, and is regarded as a very prosperous city. It is the county seat of Brazos County.

It will be recalled that Rev. Sholl with his family came to Decatur some ten years ago from Jasper, where he was pastor of the First Presbyterian church for several years. Prior to going to Jasper, Rev. Sholl was pastor of a suburban church of Chattanooga, which he took soon after his graduation from Princeton university, where he was a student under President Wilson, then Professor Wilson of the chair of governmental science.

It was at Chattanooga, that Rev. Sholl was married to Miss Lily Belle Spencer, whose interest and helpfulness in church work, has added greatly to the large success Rev. Sholl has met as pastor of the First Presbyterian church of Decatur.

The general public of these cities, interested in the best from the pulpit, recognized Rev. Sholl as an orator and inspirational preacher of real ability. But they also recognized in him, a man who used language to express ideas, and not primarily for oratorical purposes. The fine mental conceptions of Rev. Sholl were revealed in his appreciation of the best literature of the language, especially as written by the great poets. It is not probable that another preacher can be found, who will be able to give to his hearers sermons of such poetic conception, and at the same time of such practical value as were those of the retiring pastor.

Rev. Sholl became widely known for his patriotic spirit during the pre-war days and during the great war, in the last months of which, he held the rank of Captain, being a regularly accredited chaplain, after finishing the prescribed course for officers offered by the federal government at Fort Taylor, Ky.

One remark of Rev. Sholl made about the time he volunteered for service in the war has been widely quoted. When asked if he had volunteered to be a Chaplain he said: "No, I volunteered to carry a gun or do anything else necessary." It goes without saying that the news of the early departure of Rev. and Mrs. Sholl, will be heard with sincere regret by the people generally regardless of church or creed; and those who knew them intimately will feel that they have been called upon to part from dear and highly valued friends.

RED CROSS TAKES FORWARD STEP IN PEACE PROGRAM

The Executive Board of the Brazos County Red Cross at the regular monthly meeting, took a distinct step forward in its peace program, by voting unanimously to take up an active health campaign in Brazos county. Miss Daisy DeWitt of St. Louis, representing the Southwestern Division of the American Red Cross was present at this meeting, having made a special visit to Bryan in the interest of this important phase of Red Cross work.

In the absence of the chapter chairman, E. H. Astin, who was out of the city, Mrs. Tyler Haswell, vice-chairman, presided. After the reading of the minutes, reports from standing committees, and other routine business, the secretary read a message from division headquarters, asking for the immediate appointment of a director of the Fourth Red Cross Roll Call, which takes place from Armistice Day, November 11th, to Thanksgiving Day, November 11th, 1920. Mrs. W. S. Howell was unanimously elected for this important work.

Miss DeWitt was then called upon to outline the public health program of the Red Cross, and in an interesting way she unfolded to the minds, and burned into the hearts of her hearers, the importance, the necessity, the absolute demand upon us for immediate action in the work of raising the health standards of our American life. The Red Cross of course cannot cover the whole field, there is more to be done in this great work than all organizations can possibly accomplish, but it hopes at least to co-operate with other agencies in developing an earnest, faithful and devoted effort for the betterment of health and social problems.

The local chapter committee on nursing service, with Mrs. W. D. Lawrence as chairman, with the addition of a health committee with Mrs. John T. Hanway as chairman, will direct the health program. Mrs. Hanway will go to Saint Louis for a special conference with the heads of departments in the division office, at an early date, and upon her return these committees will begin active work. The plans and purposes of this health work will touch every community in the county, through the Red Cross auxiliaries, as they existed during the war, giving to every person in the county the benefits to be derived.

A health center, as headquarters, will be established in Bryan, from which will go out to the people of the town and county the benefits of the Red Cross health program. Health education will be encouraged by the free distribution of the best literature on the subject, and at an early date, with the assistance and co-operation of the Child Welfare Division of the State Board of Health, a Child Health Conference will be conducted at the health center in this city. When this intensive work of education has sufficiently developed the program, a county health nurse will be engaged by the Red Cross, to increase the efficiency of its public health service.

An interest and enthusiasm in this needed work was manifested by all present at this meeting, which speaks great results in the new activity of service and promises new laurels to be added to the excellent record already attained by the Brazos County Red Cross.

It was as an inspiration and encouragement to the board also, to have present at the meeting, three of Bryan's leading physicians, who expressed their hearty approval of the health work as outlined, and assured the members of the committee in charge, that they are ready at any time to assist them in this much needed work.

The chapter officials want it distinctly understood, that the launching of this new Red Cross activity, will in no way interfere with the home service work of the chapter, that has been instrumental in doing so much for the community, but, rather, will give even a greater scope to its usefulness. The Brazos County Red Cross office continues with unabating demands the work of helping the ex-service men with their problems, is also extending its service to civilians as well and in a thousand ways proving itself to be to all humanity "The Greatest Mother in all the World."

Beside the members of executive board, there were also present at the August meeting, Miss DeWitt of St. Louis, Dr. P. M. Rayson, Dr. W. B. Cline, Dr. L. O. Wilkerson, Mrs. Jno. T. Hanway and Superintendent W. C. Lawson of the Bryan schools.

PAYS BIG TO RAISE HIGH GRADE COTTON

As an object lesson for the farmers of Brazos county showing the profitability in raising high grade improved cotton, rather than just any kind, an instance occurred Saturday which the Eagle is glad to publish for the benefit of all who are interested. W. E. Gandy of near Wellborn brought in ten bales grown from Bennett's improved seed for which he paid at the rate of \$200 per ton. The cotton was classed and sold by the Brazos County Marketing Association, and the staple was from one to one and one sixteenth in length. Because of the fine staple the cotton brought one and a half cents a pound premium. The middling basis price Saturday was 31 cents while Mr. Gandy's brought 32 1/2. Not only the staple brought a handsome premium, but the seed from this cotton for planting purposes will sell for three times the market price of seed.

MISS WALDROP WON A SWIMMING PRIZE AT JUNA LUSKA

Mr. and Mrs. A. M. Waldrop received the news Monday that their daughter, Miss Nanne Shel Waldrop who is at the Girl's Encampment at Juna Luska, N. C., won the swimming record with 125 contestants, making a 1 1/4 mile swim. Miss Waldrop received a special insignia for her bathing costume as a mark of distinction. During the long swim she was accompanied by a boat with girl companions to rescue her if she needed it. This was not necessary and she made a successful trip. Miss Waldrop will arrive home next Tuesday, having spent a very happy vacation. She is now the recipient of many congratulations on her success as a swimmer.

BUCHANAN-CRAWFORD.

Mr. C. A. Buchanan and Mrs. Artie Crawford, both of this city, were quietly married last night at 8:45 o'clock. Accompanied by a few friends and relatives they motored out to the home of Rev. Eck Smith at Shirock where the ceremony was solemnized, Rev. Smith officiating. Both bride and groom were reared in Bryan and Brazos county, are two of our well known people and have a host of friends whose congratulations and very best wishes are offered. They departed by the 12:35 train last night for Fort Worth on a shirt bridal trip and after their return will be at home at the residence of Mr. Buchanan on East 24th street.

DOVE SEASON IS NOW OPEN IN BRAZOS COUNTY

Austin, Sept. 1.—Wednesday, September 1, marks the opening of the dove season, which will be followed on October 16 by the opening of the duck season, and on November 7 by the opening of the deer season. Below is a list of tips to prospective hunters who are not fully informed as to the game laws which are now in effect:

A person who has not been a bona fide resident of the state for six months last past is considered a non-resident.

A person holds the right to hunt in the county of his residence only.

A person who holds a license, either in or out of this state, may do either in or out of this state, may do so under the following conditions: Provided that he shall accompany said game on the same train or common carrier from the point of shipment to destination. Provided further that he make affidavit before some officer and upon filing same with the railroad agent, such person is permitted to transport to his home one day's limit of game birds or other game excepting wild duck, of which such person is permitted to transport 75 or three days' bag limit.

A taxidermist is allowed to receive and ship game, heads, etc., for mounting purposes, when shipment is accompanied by proper affidavit.

It is unlawful for any person to use a deer call, whistle, decoy, call pipe or other device for calling or attracting the attention of deer; however, the rattling of deer horns is permitted.

It is unlawful to hunt deer after dark with the aid of a hunting lamp or any other device.

Violation of this law is punishable by a fine of \$200 or by imprisonment of not less than 90 days.

Doves.—Sept. 1 to Dec. 31; bag limit, 15 birds per day.

Mexican White Wing Pigeons.—Sept. 1 to Dec. 15; big limit, 15 birds per day.

Quail.—Dec. 1 to Jan. 31; bag limit, 15 birds per day.

Duck, Geese, Brant, Sandhill Cranes, Plover, Curlew, Snipe.—Oct. 16 to Jan. 31, inclusive; bag limit, ducks 25 per day, geese, brant and cranes, 8 per day.

Wild Turkey.—March 1 to April 30. Season bag limit, three gobblers.

Deer.—Nov. 1 to Dec. 31; season bag limit, three bucks.

Squirrels and Rabbits.—Not protected.

Antelope and Rocky Mountain Sheep.—Closed season for five years.

THE CENTRAL TEXAS TEACHERS INSTITUTE

College Station, Texas, Sept. 2.—The third annual session of the Central Texas Teachers' Institute will be held at A. and M. College September 6 to 11, inclusive. All the public school teachers in Brazos, Grimes, Leon Burleson, Madison and Robertson counties will attend this institute.

By combining the various county institutes at A. and M. College it is not only possible to have complete use of the college facilities, but also makes it possible to bring distinguished educators as lecturers to the teachers' meetings. Charles A. McMurray of Peabody College, Nashville, Tenn., Howard Driggs, professor of English School of Education, University of Utah; Miss Dixie Wood, principal of the Sul Ross School at Pico; Miss Corine Fosse, secretary department of recreation, Houston, and Miss Mary Stuart Butler, professor of public school music of the San Marcos Normal will assist the A. and M. College staff in the instructional work. Martin L. Hayes, professor of vocational education at the college, has charge of the plans for the institute.

HARVEY HAPPENINGS.

Harvey, September 1st.—We have had no rain now in nearly a week and the cotton pickers are surely busy for it threatens rain every day and is very sultry and cloudy this a. m.

Harvey went almost solid for Pat Neff, only five votes being cast for Joe Bailey and seventy for Neff.

Only two teachers have been procured for this school so far. A man and his wife, but failed to learn their names.

Our little burg will soon be deserted, nearly all the young people will be leaving for high school and colleges or to teach somewhere. Sam and Aubrey Pate will attend Bryan High this year, going from home every day in a Ford car.

Iva Kelly expects to attend the prep department of A. and M. College.

Dempsey Dyess will attend Huntsville.

Miss Icy Goen will leave in a few days for Graburg, Hardin county, to take a music class. Miss Dolores Thibadeaux will return to Port Arthur soon to resume her duties as teacher in that school.

Mr. Sam Jones expects to leave for Galveston to consult a specialist in regard to his health. He has been a great sufferer of late from facial neuralgia.

Mr. and Mrs. Stuart Barron and children of Bryan visited their uncle and aunt, Mr. and Mrs. W. R. Goen, Sunday afternoon.

George Smith, district agent for the extension service of the A. and M. College, has gone to Sinton and Port Lavaca on a short business trip for the department.

Martin, J. W., San Antonio, Battalion. 1st Sergeants, Andrews, W. H. B., McKinney, Battery B; Jones, J. H., Windthorst Battery A; Waltrip, O. H., Fort Worth, Battery C.

WHISKEY STILL WAS FOUND IN BRAZOS COUNTY

And now Brazos county has contributed her quota to the booze manufacturing establishments that have flourished in all parts of the state, and like all the rest, it too has come to grief. These establishments spring up over night and for a time flourish like a green bay tree, and then the cruel hand of the officers lay them low and they wither away. Brazos county's quota was dug up Wednesday morning at 3:30 o'clock, and when found was all steamed up and ready for operation. Sheriff L. E. Morehead had known for six months that whiskey was being sold here by a negro and had been quietly working on the case, but the work was done so secretly and adroitly that he had great difficulty in locating his man, and consequently the locality where the still was operated. Finally he spotted both the man and the place and taking officers Claud Moore, W. S. Martin and Dave Jolly with him, raided the home of Wilber Gaiter, colored, on Cottonwood prairie, twelve miles north of Bryan at 3:30 Wednesday morning and found the man, the machine with steam up and ready to go. He had 20 gallons of "mash" and in just a short time it would have been converted into the "cup that cheers."

Sheriff Morehead says the "still" was a very crude affair and was operated on very unscientific principles. It consisted of a large tin can into the top of which an iron pipe about five feet long was fastened. The mash was placed in the can and boiled and the steam escaping through the pipe was slowly converted into corn whiskey. He had no coil and no cold water to keep the steam pipe cold, consequently there was but little condensation and not more than one fourth as much "licker" was secured as when the coil is used.

Gaiter was arrested and brought to town and jailed. He made bond for his appearance yesterday in the sum of \$300 with J. T. Closs of Edge, on whose farm he was living, as surety.

The officers, who have kept a close eye on the bootlegging business in Brazos county, believe they have "dug up" the only manufacturing joint in the county and do not apprehend they will have any further trouble from that source, for some time at least.

HAD LEG BROKEN

Frank Mallerich Jr., little son of Mr. and Mrs. Frank Mallerich, left the misfortune yesterday to his left leg broken half way between the ankle and knee. He was riding his wheel by the door of Paul Dansby's garage just at the moment Mr. Dansby was backing out his car. The little fellow did not see the car at all until it was right at him and in making a sudden turn in an effort to escape, the wheel slipped and he fell, the car passing over his limb and breaking it as above stated. Mr. Dansby did not see the little fellow until after the accident and it could not possibly have been avoided. He was taken to the hospital and given medical attention and removed to his home this afternoon. He was resting well at 3 o'clock.

NOTICE.

Notice is hereby given that a special meeting of the stockholders and board of directors of the Bryan-College Interurban Railway Company will be held in the city of Bryan, Brazos county, Texas, on Friday, the 10th of September, 1920, for the purpose of considering an amendment to the charter of the company and especially the second section thereof, which now reads as follows: "The purpose for which this corporation is formed is to construct or acquire with power to maintain and operate street railways in the city of Bryan, Brazos county, Texas, and between the city of Bryan, Brazos county, Texas, and the town of College Station, in Brazos county, Texas, by the use of electricity, gas, gasoline, denatured alcohol or naphtha, for the transportation of freight and passengers, and the power to construct, own and operate depots upon the line of said railway."

So that when it has been amended the said section will read as follows: "The purpose for which this corporation is formed is to construct or acquire with power to maintain and operate street railways in the city of Bryan, Brazos county, Texas, and between the city of Bryan, Brazos county, Texas, and the town of College Station, in Brazos county, Texas, by the use of electricity, gas, gasoline, denatured alcohol or naphtha, for the transportation of passengers and the power to construct, own and operate depots upon the line of said railway."

L. M. LEVINSON, Sec. Bryan-College Interurban Railway Company.

CITATION BY PUBLICATION.

THE STATE OF TEXAS, To the sheriff or any constable of Brazos County—Greeting:

You are hereby commanded to summon Walter Stewart by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Brazos County, to be held at the Court House thereof, in the City of Bryan, on the 3rd Monday in September, 1920, the same being the 20th day of September, 1920, then and there to answer a petition filed in said Court on the 6th day of August, 1920, in a suit, numbered on the docket of said Court, No. 8855, wherein Jessie Beatrice Stewart is plaintiff, and Walter Stewart is defendant, and said petition alleging: That on or about September 18th, 1908, Plaintiff and Defendant were lawfully married, that they continued to live together as husband and wife until about June 1st, 1917, when without any cause or provocation on part of Plaintiff, Defendant willfully abandoned Plaintiff with the avowed intention of permanent abandonment, since which said time they have not lived together as husband and wife, that said abandonment has been for more than three years.

That there was born of this marriage a child, Lula Stewart, a girl now ten years of age.

That Defendant's action and conduct toward her are of such a nature as to render their further living together as husband and wife, insupportable.

Plaintiff prays that Defendant be cited to appear and answer her petition, for judgment dissolving the marriage relations now existing between them, for the care and custody of said child, for costs of suit, and for such other and further relief, special and general, in law and in equity that she may be justly entitled to, etc.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Witness, J. W. Barron, Clerk of the District Court of Brazos County, Texas.

Given under my hand and the Seal of said Court, at office in Bryan, Texas, this 6th day of August, 1920.

(seal) J. W. BARRON, Clerk District Court of Brazos County.
